

# One Ocean International Accelerator

A 15-Month Launchpage to the U.S. Market for Global Ocean Innovators

**One Ocean is your custom pathway to the U.S. market**, designed for ocean innovators ready to scale. Gain exclusive access to North America's largest blue economy network, with 135+ industry, government, and research leaders. What sets One Ocean apart is the power of the Maritime Blue Cluster, connecting startups directly to industry mentors, pilot opportunities, and leading customers. Apply now to unlock top-tier mentorship, strategic partnerships, and the resources you need to drive sustainable growth in the U.S.

## Tailored, Flexible Support

Our program is designed to align with your unique goals and timeline, delivering targeted support exactly when you need it.

## Expansive Blue Economy Network

Gain direct access to a powerful network of industry, government, investors, and research leaders ready to fuel your expansion.

## Proven Pathway to the U.S. Market

With regulatory guidance and customer introductions, we provide the essential support for impactful market entry and scaling.

## Program Phases: 12 weeks structured + 1 year Maritime Blue Membership

### Phase I: Virtual Onboarding & Market Preparation (0-4 weeks)

Set tailored U.S. entry goals, identify key customer segments, and outline immediate milestones for market readiness.

### Phase II: Customized U.S. Immersion (5-12 weeks, 2 weeks in Seattle)

A personalized immersion experience including mentorship, Seattle visit, and key partner introductions.

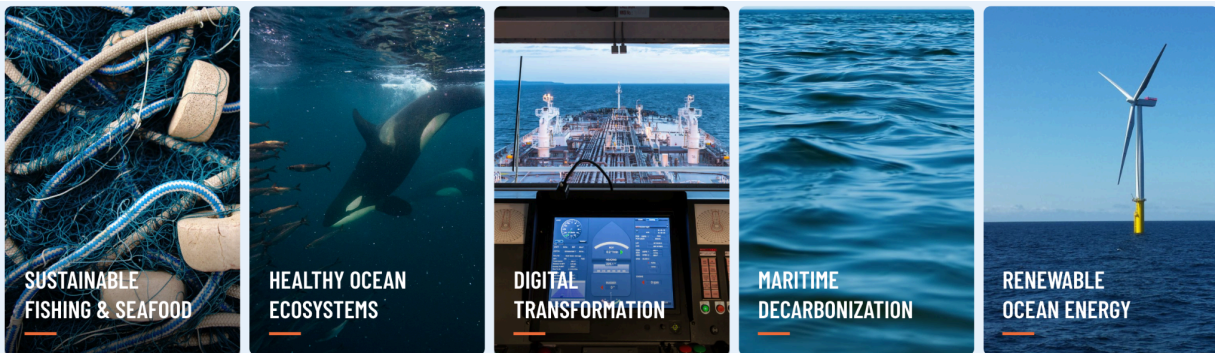

### Phase III: Milestone-based Scaling & Follow Ups ( 1 Year)

Continued support with milestone check-ins, follow ups with connections, and bi-annual showcase opportunities.

## About Washington Maritime Blue Ventures

Blue Ventures is the innovation and investment arm of Washington Maritime Blue. Dedicated to fostering a sustainable blue economy, Blue Ventures supports ocean-focused startups through mentor-driven accelerator and incubator programs. Through Maritime Blue's expansive network, startups gain the connections needed to drive growth and bring transformative solutions to market.
